

BETTERTON SHOT WIFE THREE TIMES

Tried to Place Blame on Son After Crime. Is in Vinita, Okla., Jail on Murder Charge.

It is learned that Monroe Betterton who killed his wife at Vinita, Okla., Wednesday, shot her three times and then tried to lay the crime on his son, Ernest Betterton.

Betterton is now in jail at Vinita, Okla., charged with murder in the first degree. He is said to have threatened to kill the remainder of the family and himself.

Mrs. Betterton's body was brought here, Wednesday afternoon and was taken overland to Eagle Rock, to be interred beside the grave of her first husband, Mr. Lockwood. She leaves four children.

Relatives say that Betterton and his wife and Mrs. Betterton's two small boys by her former marriage, were in the house and Ernest Betterton and his wife were in the yard of a relative they were all visiting. When shots were heard in the house, Ernest Betterton ran in and wrestled the pistol from his father. When neighbors rushed in, Betterton told them that his son done the killing. This was quickly disproved as the deed was witnessed by the two Lockwood boys.

They said that Betterton shot their mother three times. The first shot struck her in the arm, the second hit her in the back and she fell to the floor. The third shot was fired as the woman lay at his feet.

MAY RECONSIDER ROAD BOND VOTE

Springfield, July 11.—Twenty-five farmers of the Green County Farmers association who are said to have been opposed to the two-million-dollar road bond issue in Green county met at Convention hall Wednesday night and started a movement for another bond issue in the county. Labor representatives of the city also took a prominent part in the meeting, saying they favored a new bond issue.

A committee from the farmers' association and a committee from the Central Trades and Labor assembly were appointed to meet on July 19 at Convention hall to plan the new issue. These committees will submit the plan they decide upon to the Springfield Chamber of Commerce for approval.

The meeting was addressed by E. L. Sanford, chairman of the Missouri state highway commission, and Judge W. R. Gorsuch of the county court. Mr. Sanford pointed out that unless Green county took advantage of the promised state and federal aid, it would be shut off from all the benefits of good roads, which the other counties of the state are making every effort to obtain. Judge Gorsuch said that the money must be spent not only for state roads, but also for lateral roads, in order that the county might reap the most advantages from the opportunities offered it.
